We have been helping both low scoring and high scoring students improve their ACT test scores since 2003. Our proven ACT course costs **\$300**. Although we cannot guarantee improvement, our students have had much success. We are confident we offer the best value in **quality** ACT test preparation. Here are a few testimonials:

**"Fantastic news! John's ACT score was a 34! His previous high on the ACT was a 29. He got a 36 in the science; his previous best was a 26. Same result in English. He went from a 27 to 35! His two previous weakest areas were his highest scores! Thanks, I will recommend you to other parents.**

### **Credible Instructor.**

Unlike most test preparation providers, our course is taught by a tenured Capital University professor, Dr. Lynn Dailey. Lynn holds the prestigious Moor Endowed Chair for excellence in teaching & scholarship and excels on the ACT.

### **Unparalleled Course Materials.**

We have spent years researching and developing our proprietary course materials. The five subject areas on the ACT test are reviewed. Considerable attention is given to math and English skills. Students will receive a course book along with memorization sheets, worksheets, and a retired ACT test. These materials give examples and explanations with over 1500 drills for students to work. Content can be utilized to excel on the SAT as well.
