We are pleased to be able to provide group instruction and related services via distance learning. If you would like your child to receive these types of services, it is expected that all students and families will abide by these guidelines:

- Any recording made of a group lesson, other than a recording made by the teacher or related service provider, is prohibited and a violation of board policy 5136.01 - **ELECTRONIC EQUIPMENT.**
- Students will not use the distance learning or group instruction platform for communication or activities that are not approved by the teacher or related service provider convening the meeting.
- Families will ensure that anyone who is not essential to the learning of the student will not be present for instruction or related services to support the privacy of those other students who are participating in the group.
- Failure to abide by these conditions may result in disciplinary consequences, including but not limited to a discontinuation or limitation of the opportunity to participate in group learning platforms.
